INDIAN CREEK ANNOUNCEMENTS

Many thanks to all the families who attended the Indian Creek Fall Picnic. A fun time was had by all! Thank you to: Jim Kellenberger for stoking the campfire and arranging tables, to Tim Mogill for sending out flyers, to the Board for providing pop and hot dogs and to the kids on Fox Creek Road for providing games and activities for the youth. A big thank you to all who participated in the dessert competition. Congratulations to **Ann Kellenberger** for taking first place! She made a fabulous peach cobbler that knocked our socks off!

Congratulations to **Tim and Helen Mogill** who became Grandparents for the third time! Their new grandson **Mel Alexi Hay**, named after his two grandfathers, was born September 2, 2003.

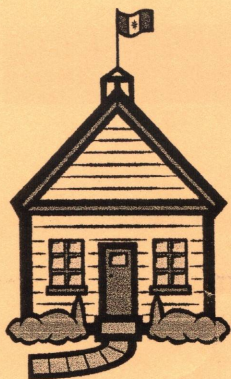

Trick or Treat time is here! On October 31st the subdivision will be swarming with ghosts and goblins! Due to the traffic increase in the area on Halloween, please consider using reflective materials/tape on your little ghouls costume and send him out with a flashlight. The more visible, the better! **If you will be receiving trick or treaters please leave your porch light on.** The festivities begin at 5:30pm and end at 8:00pm.

Christmas Luminaries- Yes folks, it is right around the corner whether you like it or not! Every year Indian Creek celebrates the holidays by having Christmas Luminaries. This year the event will be held on **December 13th**. (Rain Date Dec. 20). Call Dave Schulte's with your bag and sand order **IF** it has changed from last year **or if this is your first time participating.** This event is sponsored by the I.C. Board. Bags and sand are provided. You need only pay for the candles you use.

INDIAN CREEK WATER REMINDER

Water News Reminder: Suspended sediment or particulate matter is material that naturally exists in the water and concentrates and settles at low points in the system. We flush the system on the last Thursday of each month to correct this problem. The sediment is stirred up by an increase in the velocity of the water through the system. This can happen due to flushing or peak temporary demands on the system. That is why this seems to be an intermittent problem. The best action for someone to take to clear this problem is to run an outside hose until the water clears up. Keep in mind that if the dirty water has already made it into the house it may be in the water heater and take a day or two to clear up. During this time you may want to avoid using any reverse osmosis system you may have in your home in order to avoid sudden clogging of the systems filters. This will save on the life of the filters.

TOWANDA SCHOOL NEWS

TURNING POINT 2004

Mark Your Calendar for October 14, 2003

Please mark your calendar and plan to join us at 7:00 pm on Tuesday, October 14 in the Towanda Elementary School Gymnasium for a CAC-facilitated **Turning Point 2004** Information Team Meeting. This meeting is your opportunity to participate in a community brainstorming session that will contribute to Unit 5's fiscal planning process.

Prior to attending this meeting, please visit the **Turning Point 2004** portion of the Unit 5 website at www.unit5.org and come prepared to provide recommendations for cost containments and revenue enhancements for the 2004-2005 school year.

Towanda Elementary Students are having a fundraiser. They are selling items by Kathryn Beich including chocolate candy items, holiday food items, holiday decor and wrapping paper. Please help to support our local school by purchasing items from students when they knock at your door. Thanks.

Hogan Family Update From Nello Picchietti, close friend

In March of 2003 Jim Hogan was diagnosed with cancer. Jim was self-employed and without health insurance. In August of 2003 Jim passed away. He was a family man and wanted his family taken care of, which he did up to the time of his illness. However, during Jim's illness, they lost their house, which Jim built with his own hands. They lost many other valuables too, which can't ever replace the value of having Jim.

We, as friends of the family, have decided to help the family by holding a benefit for Jim's family. We are asking you to donate any gift certificates, products, or services, so we can hold a silent auction at the benefit. The event will be held at Jerry's D&D Pools & Spa. Please open your hearts to the Hogan family to help them defray the outstanding bills that remain for them. Your contribution is very much appreciated and we will make sure that your company or place of business is mentioned at the benefit.

Friends of the Hogan Family

Jim Hogan Benefit

November 1st

Jerry's D&D pool and Spa

Contact: Nello Picchietti 726-2523 or 275-1199 for additional information.

ATTENTION ALL INDIAN CREEK GARDEN CLUBBERS!!!

Then next Garden Club meeting will be held on October 30th at 7:00 p.m. The Mogill Residence-18 Bent Tree Lane.

Topic: Designing a Garden (Landscape Design) Would you like to design a new garden? Or re-vamp one you already have installed? You will learn some design principles and work on your own garden design.

Bring: \$2.00 for paper, templates and colored pencils. Bring measurements of your garden to be designed.
